SDDA Reminders

We are already preparing for recital!

Throughout the month of November, we will be measuring for recital costumes. Please make sure that your child is in attendance. We always add extra inches in order to ensure that growing room is accounted for. Often, minor alterations are still necessary. Please inquire in our office about the most convenient and cost-effective businesses that can assist you with this, should the need arise. **Please be advised your performance package fees and 1st costume deposit must be paid by November 15** for us to order your student’s costumes.

Flu Season is here

Please be aware of the attendance guidelines in our studio handbook. While perfect attendance is encouraged and appreciated, the health of our dancers is of utmost importance. Please be on the lookout for all communicable illnesses.

PLEASE keep your child home if they have any of the following symptoms: fever, eyes that are pink, burning, itching, or producing discharge, nausea, vomiting, diarrhea, or known or suspected communicable diseases such as lice, flu, COVID, or strep throat.

Please observe the 24-hour fever free and symptom free rule before allowing your child to return to dance in the case of any illness that is not COVID. As always, follow the SDDA and ADH guidelines for Covid.

Student of the Month

Meet Sydney Spradlin

Sydney is a senior in high school at Conway Christian. She dances in SDDA's pre-professional classes and is also a member of the Elite Team. She has a wealth of talent, works hard, and is a joy to be around. Her smile is contagious, and her positive attitude is so appreciated. She's also great with kids! We love having students like Sydney in our Stage Door Family, and we're so grateful for her presence at SDDA.

Sydney's World

We asked Sydney what she likes to do outside of dancing, and she told us that she loves shopping, hanging out with friends, and watching movies with her mom. When asked what she likes most about her dance classes at SDDA, she replied, "I love having something I enjoy to always keep me motivated and focused." Sydney plans to attend the University of Arkansas and where she wants to major in Exercise Science so she can be a physical therapist.

We're so proud of her dreams, and we have no doubt she'll achieve them!
